

Scrum Meeting Notes:

Ana:

- Finished pal evolution
- Implemented new things into database that will show the evolution
- Met with web dev guy to talk about how to do animations on a website

Ben M:

- Finished up user stuff: added bio, can view friends profiles,
- Helped with Aisli's weather stuff and Ben's trail stuff

Ben A:

- Fixed up journal functionality
- Created fork of repo to run things faster

Sam:

- Made it so activities and achievements show up
- Added profile pictures
- Queries database when you search for friends

Aisli:

- Working on weather alerts! Got to work, but now not working

Rane:

- Can edit and delete activities
- Wants to continue with some polish, add some validation to forms
- Wants to implement some filters to the activity type
